Garner Wilkinson 5-3-89

1940 - attended Curtis Wright aircraft technical school in Glendale, CA. My first job was in the experimental dept. of Vought Sikorsky, a div. of United Aircraft in Stratford, CT. Early 1942, in order to be closer home, went to work for Ford Motor Co. foreman in Willow Run, MI bomber plant. Due to the nature of my work, military deferment would probably have kept me from Military duty for the duration; however the life long urge to fly took precedence. Enlisted in aviation cadets in '43, graduating from pilot school in '44. After nearly 4 yrs in the air corps, including 1 yr in Pacific

theater, was discharged.
Became interested in television & enrolled in an electronics technical school in Chicago. It was during this period in 1949 that I met & married my wife Adelaide. Moved to Ft. Wayne & went to work for Farnsworth Electronics, which subsequently became ITT. Had 3 sons: Bill, John & Jim, and over the years acquired 6 grandchildren.
Spent 32 yrs with ITT, ending up in quality engineering Dept., from which I retired in '83. Enjoying retirement in Ft. Wayne, keeping busy with volunteer work, hobbies and some travel. Adelaide is a volunteer at the Red Cross and Embassy Foundation; and I with the Red Cross as a driver, and with Botanical Conservatory designing & Building props for their flower shows. I also do some wood carving, & flying radio controlled model airplanes.
Time flies when you are having fun!

Marie Ehlers Busch 5-9-89

This includes my husband, Elsworth Busch, known to most of you as Elzy. I called him Butch. After high school Elzy went to Concordia Jr. College in Fort Wayne, where he played basketball & began pre-ministerial training. I attended Concordia College, River Forest, IL. to become a teacher. Elzy went on to seminary in St. Louis, & I taught school in Chicago.
We were married in Kendallville in '46 after he graduated. We headed West to the beautiful state of Oregon. There he organized 3 new churches. I had four babies. Our main congregation was in Springfield, OR. near Eugene.
In '55 we moved to Mishawaka, IN, where we spent 5 fine yrs. Our son Bob was born while we were there. In 1960, Elzy accepted a call

to St. Peter Lutheran Church on the N.E. side of Ft. Wayne. It was mostly rural then, but is now part of suburbia. He became active in evangelism, Lutheran Social Services and the many aspects of the ministry. He loved to preach. I taught in a Lutheran School for a while, and then at Lakeside Middle School for many years, chiefly remedial reading.
Elzy enjoyed raising kids & racing pigeons & gardening. Early in '88 we learned he had cancer, and he died in October. He often said he was not afraid to die, because he knew and loved the Lord, but he had hoped to serve Him a little longer. Our five children are married. We have 12 grandchildren with another one due in September.

Mary Katharine Saller Clements 5-3-89

After graduating from HKS, continued my education at Marygrove College in Detroit & Internat'l Business College in Ft. Wayne. Then started working at Peoples Trust Bank in Ft. Wayne as secretary to the president of the bank.
On Sept. 1, 1951, I married Frederick W. Clements of Ft. Wayne. I continued at the Bank until our children started arriving - three in all: Roland Frederick, Gregory Lloyd & Jenifer Anne.
Believing in the old saying "life begins at forty", 2 wks after my 40th birthday, I went to work at the Crosier Monastary--the first woman they had ever hired. It was interesting working with 120 men--all priests, brothers or seminarians. I was hired for 6 wks, but lasted for 20 yrs, part of the time as business manager.
During all of the above time, also played the organ at Immaculate Conception Church in Kendallville, Blessed Sacrament Church, Albion &

at Byron Health Center for Church services. When Fred retired from the postal service in '81, I also retired. We liked to travel, especially to Canada & the New England States. Also liked to garden, work in the yard & read. We did volunteer work at the Ft. Wayne Food Bank & Byron Health Center. We truly enjoyed our retirement together. Now I am trying to adjust to life without my Fred, who died unexpectedly Feb. 9, 1989.

Phyllis Kimmel Carter 5-9-89

Ruth asked for a "rundown" & that likely is the way some us feel, compared to the Spring of '39.
I left Hanover College after 2 yrs there, to take a short business course, which led to a job with General Electric in Ft. Wayne. Tired of that, joined the Navy Waves in '44, which was still office work, but at least offered some travel.
In the summer of '46, I ran into Norman Carter (KHS '36) & we both, apparently, were ready to settle down, for something "clicked" and we've been putting up with each other ever since our marriage in Nov. '46. We have 2 sons: David, 41, who was one of the lucky ones that survived his year in Vietnam & now lives in Kendallville; Colin, 31, lives in Miller Beach (E. Gary) and commutes with his wife to Chicago jobs. We have one grandchild, David's son, almost 19.
Norman's work at the Kendallville News Sun was interesting to us both. In '66 he began work for the Ft. Wayne News Sentinel, retiring as chief copy editor in Jan. '82. He & I still do a bit of "stringer" correspondent news for a couple of newspapers.
I enjoy gardening & reading(history & social commentary, mostly). Volunteer work has in-

cluded being a Laubach tutor, nature conservation projects, delivering homebound meals, church work, chairing UNICEF Halloween drives, and at present working as a court appointed special advocate for abused and neglected children.
Living in Kendallville has suited our temperaments. We value the setting, family & longtime friends. Information on world events is so readily available one can live in the heartland and yet be aware one dwells in a "Global Village".

Marie Snyder Trowbridge 5-10-89

Married to Howard Trowbridge on July 19, 1942. We had 2 children: John of Kendallville; Cheryl Thomas of Naperville, IL. We have 4 grandchildren: Steven & Brandi Trowbridge; Heather & Matthew Thomas.
I have worked as housewife, telephone operator, office work, retail store manager & clerk. We moved to Marshall, MI in '73. Was a bookkeeper at Chemical Bank Marshall until I retired in '82 We moved to Jenison, MI until Howard retired in '85. Moved back to Kendallville to our house on Vine St. in May 1985.

Virginia Schlichtenmyer Rittermeyer 5-10-89

I married Robert Rittermeyer in '45. We had one daughter. In 1976 Bob passed away. In June of '82, I retired & in Aug. '82 I moved to Bradenton, FL where I am currently living with my daughter, son-in-law & granddaughter.

Helen Smolinske 5-10-89

1939-79 employed at McCray Memorial Hospital.

March '79, forced to retire due to being declared legally blind. Unable to do the work. Since '79, have been enjoying my time.
Go to the farm & help with gardening, cutting wood. Do some yard work at home. Now live on Sheridan St. Busier now than when I worked.

Evelyn John McGahen 5-31-89

After graduation, went to work at The Wheel Works in summer of '39.
Mother died in Sept. '39.
I married Lawrence "Bill" McGahen Oct. 5, 1940.
Two children were born to us. Son, Larry, was born Nov 11, '41. He is now married to Phyllis(Guthrie) McGahen, and is Fire Chief of Kendallville Fire Dept. They have 2 daughters. Dawn is a policewoman with Kendallville Police Dept. & lives with me. Daughter, Linda, was born Aug. 4, '46. She married Jerry Bidwell, and they run a Dairy Farm west of Rome City. They have 3 sons and 1 daughter. Jeff, the oldest, is a Junior at Purdue. Brad works at Fricks Co-op in Brimfield; & the youngest, Deric, is in kindergarten. Daughter, Kim, is a sophomore at East Noble.
Worked at the Wheel Works during the war until '46. Went back to work in '55 at Uniform & Printing Supply. Retired from there after 28 yrs in April '83.
Bill retired after 20 yrs as engineer of Kendallville Fire Dept. in April '82. He died on Oct. 27, 1987.
That's about all about my last 50 yrs. Still living in the same home since '37.

Am getting along pretty good.

Maxine Caldwell Field 5-10-89

50 years "Where did they go?"
Between 1939 & 1945 - wandered from Washington, D.C. to Fresno, CA.
1945, married Don Field--years having & raising 5 children: Greg, Brad, Deb, Susan & Jon.

Good years, some difficult but rewarding.

William B. Adams 5-6-89

After graduation, I worked on the East Coast for 1 year, then at Ford Motor Co. in Detroit, as a machinist. Entered the Air Force December 8, '41 & served as a B-24 Pilot in the 8th Air Force in England.

Ora L. Gisel 5-16-89

Hi! Class of Thirty-nine.
After giving 38 months to Uncle Sam, settled down to married life here in K'ville with Ida Wacknitz.
I entered the Heating & Sheet Metal Business with my Father, and later, my younger sister, Esther, after his death.
Down through the years, we had 3 boys & 2 girls - all away from home now.
After 25 yrs in the business, "Arthur-Ites" took over, & made my work very painful. I closed out the business & traveled the area in Sales Representation for several different wholesale plumbing & heating firms.
After 18 yrs of this, I retired in '83. We still live in Kendallville, busier than before & enjoying life. Since I can't write so you can read it, Ida's writing for me.

Jean Schlichtenmyer 5-16-89

Betty Strater Strouse 5-17-89

You remember me as Betty Strater, but I have answered to the name of Betty Strouse for 45 yrs. A year after Bud & I were married, we moved in the house where we now live. We have a view of Bixler Lake in front, and in the back, we look across the ball field to East Noble High School.
Bud is a contractor, building new & remodeling.
My so called accomplishments include being a housewife & mother to 2 girls & a boy. They are all married & each had a girl first & then a boy, giving Bud & I 6 grandchildren. They are ages 2 through 16.
What jobs I have held usually were office type, working with someone else's money. For the past 17 yrs I've been part time bookkeeper & treasurer for the Kendallville Day Care Center, & for the past 2 yrs have been working in the local food pantry. Bud & I are active in the Trinity United Methodist Church.

Anna Wagner Bailey 5-17-89

Joann Howerton Helmer 5-18-89

After graduation, worked at Indiana Bell office--attended Internat'l Business College for a while, then worked in billing dept. at Flint & Walling.

Feb. 7, 1948, married Virgil Helmer. In 1949 moved into our new home in Avilla. Had daughter, Linda in 1950, & another, Leann, in 1954--outgrew our house, so built another in 1955--had son, John in '56--spent the ensuing yrs rearing the family. In due time they all finished college, & one by one left home.

Linda Jones has 1 son, age 12, works for the State of Georgia as an Educational Psychologist; Leann (married to Rick McGee) works at McCray Hospital as X-ray tech & doing ultra-sound; John, a Nuclear Medicine Tech at Ft. Wayne Cardiology, has wife, Liz, & daughter, 18 months.

After the children left home, we were kept busy with my parents in their declining yrs. Mother passed away in '82 (age 90), & Dad in '85 (94½).

Virgil retired from Community State Bank in '84, remaining active on the Board. Retirement was wonderful while it lasted. Feb. 4, '88 Virgil passed away following a Heart Catherization---3days before our 40th anniversary.

Now I baby-sit for grandchildren when needed, travel a little, help a 93 yr old neighbor, and manage to keep busy.

Eleanor Zollman Atkins 5-17-89

50 YEARS

What I've done for last 50 years;
Would fill a book--no doubt,
But to make a story short--
Been married 47 years--about.

The children came, 1,2,3,4--
We had 2 girls and 2 boys,
Lived on a farm in Indiana,
The kids were bundles of Joy.

I owned a Beauty Salon
in Wolcottville is where,
And spent the next four years,
Curling everyone's hair!

Then we moved to Idaho
To the beautiful Northwest--
I worked in Spokane, Wash.,
Managing a Beauty Salon--The Best!

While we lived in Idaho
Where the Mts are so green
We'd hunt and fish a lot,
And on our motor bikes be seen.

We are blessed with 12 grandchildren,
And great-grandchildren, we have four--
But I am told, come October
There will be one more!

In '78 - I got tired and so retired,
Later moved to Arizona, for a little fun,
We live among the cactus, rocks & rattlesnakes,
Nine years on the Desert - in this Land of Sun!

I do a lot of church work,
Helping where there's need;
As hobbies I do lots of crafts,
Crochet, read and bead.

So that's the end of my story,
This past 50 years,
A lot of water has run under the bridge
And we smile--maybe shed a tear.

But when you think of the past 50 years,
And how we've been on the run,
My, how time will really fly----
When you're having fun!

Ivan L. Grossman 5-24-89

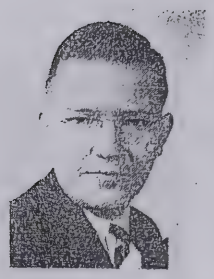
George D. Wagoner 5-18-89

By my senior year at I.U. & after a stint in the war-time army, I decided the museum



world was for me. Graduate studies took me to Cambridge & Boston, Paris & New York. My first job was at Winterthur, Del., 1 yr before it became a museum. Thereafter, my services took me to New York, New England, Maine, No. Carolina, The White House; and in France, Mougin & St. Thibaut. In one way or another, it kept me in the museum related field.

Twenty-one years ago, I came to Southold (1640) the 1st English settlement in New York State. From what I considered a dump with an elaborate 1900 house and fine 18th century barn, outbuildings, blacksmith shop, carriage house, butteries, a privy, etc. The collection I've attracted have local pedigrees: range from a simple chair original, to King's sofa, bought at a sale of Marie Antioneete's in London, etc. My life is that of a super sleuth. Volunteers who work with me have personalities that defy any soap opera.

I can't afford to retire, but I am so rich in experience and knowledge, that as long as I don't starve, and have a roof over my head, I am in a special world. Never boring.

It's hard to realize I'm 67 - sure don't feel it, but must admit to a few extra lbs. and a few less hairs on the top of the head.
P.S. My sax & clarinet playing in K'ville really came in handy. Worked my entire way thru college & the first few yrs of starting a dental practice, thanks to them.
